High Velocity Backup Solution Offering

Tired of Swapping Tapes?

Simple Drag and Drop Restores!

Is your Backup *REALLY* Working?

Daily Notifications of Backup Status!

The High Velocity Backup Solution is comprised of an onsite server and a remote server (location of your choice) that are in communication on a daily basis. This means no more tape swapping!

Local (in your office) and Remote Backup (location of your choice)

The storage size of these systems can be configured to fit your needs.

Our needs analysis will help determine the following questions:

1. What data is considered critical on your network?
2. How often would you like your critical data backed up?
3. How long do you need to keep your backups?

Call us today to find out how your business can benefit from this solution!

SPAM

It is estimated that 95% of all email is considered spam. How much productivity is lost by your employees dealing with spam?

WEB MONITORING

Cyberslacking in the workplace can lead to productivity loss, financial loss and legal liability. The average employee spends 2.5 hours per day cyberslacking.

VIRUS PROTECTION

Experts say that approximately 200 new computer viruses get introduced to the internet every month.

DISASTER PREVENTION

How long would your business survive without a server, a workstation, data, phones or line of business application?

IT BUDGET

Do you know how much you're *REALLY* spending on IT? We can help you identify leaks in your IT budget and stop them.

Simple Solutions for a Complex World

EC Group provides affordable, expert computer network support and copier / printer / fax services to small and medium businesses in Southern Arizona. We can help you upgrade your current network, computers, copiers, fax or printers.

We Help Businesses Just Like Yours

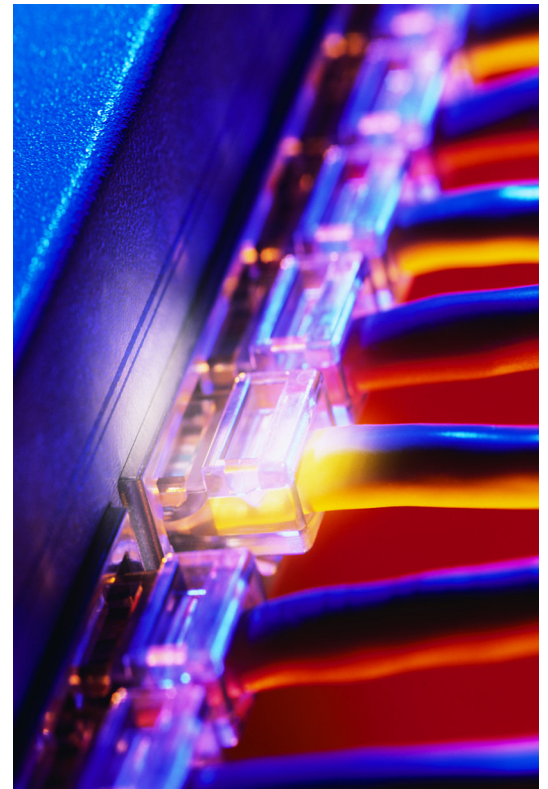

We specialize in working with small to medium companies who are in need of IT expertise and products. If you have 100 employees or less, our IT staff can save your business a significant amount of money. We work with clients to create a pro-active plan with clear goals for your IT objectives.

Need a first or second opinion before making a Technology-related business decision? EC Group provides high quality, affordable Information Technology Consulting Services for Organizations of all sizes.

Leverage our expertise, and allow us the opportunity to evaluate your current and future I.T. and office equipment needs with you.

In most cases, we can recommend effective, cost-saving strategies that improve productivity without breaking the bank.

We pride ourselves on being a part of the community we serve. We were there yesterday and we will be here for you tomorrow. Our business stability and commitment to Tucson are key reasons why many customers have chosen to entrust us with their information and computer technology needs.
