

The NEC IT6030

Power and Performance

Empowered by Innovation

NEC

Document Solutions

The NEC IT6030 is a full-featured digital copier with multi-function options that include printing and networked scanning. With its powerful 60 page-per-minute laser engine, standard duplex output, interactive touch panel and a full range of available networking functions, the NEC IT6030 is designed to meet the needs of any enterprise or workgroup.

The NEC IT6030 provides a robust standard paper capacity of 4,150 sheets. It offers standard paper sources that include two 1,500-sheet paper decks, two 525-sheet draws and a 100-sheet multi-purpose bypass tray. Optional added paper sources can provide an additional 4,000 sheets, which extends the capacity to over 8,000 sheets.

A new dual-scan duplex document feeder scans double-sided documents in a single pass! With 200-page capacity, the dual scan document feeder can scan as fast as 80 originals per minute.

An available Network Printing System offers a low-cost alternative to network printers and provides full network management and finishing features. Additionally, an available Scan System provides networked integrated scanning.

Several finishing options provide efficient document processing. Those finishing options include:

- A multi-staple finisher with
 - Capacity of 3,000 sheets*
 - Three position, 50-sheet single or dual stapling*
 - An available 2/3 hole punch*
 - A 60-page booklet folder*
 - Print mail bins*
- A single staple finisher with
 - Capacity of 1,000 sheets*
 - Single positioning 30-sheet stapling*
- An internal single staple finisher with
 - Capacity of 500 sheets*
 - Single positioning 30-sheet stapling*

The NEC IT6030 provides Enterprise/Workgroup Copying & Multi-Function support for your business.

Business needs are met with the NEC IT6030's user-friendliness, straightforward management features, and integrated security. The copier's accessible design, which includes a tilting control panel, large function keys, and simple touch-screen command interface, provides for intuitive operation. A standard 40 GB hard disk drive provides image storage. A Security Kit offering data security for the HDD is also available. Account management is also a standard offering for up to 1,000 users.

Copy

The NEC IT6030 works at a speed of 60 cpm and produces fast first-copy output and high-output print productivity, making it a powerful replacement for most current copiers and printers. The IT6030 also provides a full complement of finishing options, including:

- A full complement of imaging modes
- Auto center
- Magnification and paper select
- Batch copy
- Book/ Booklet mode
- Combine image
- Covers and Inserts
- Erase mode
- Image overlay/ rotate/ reverse
- Interrupt
- Job build
- Nine job reserves
- Job queue
- Margin shift
- Mirror image
- Memo mode
- Modify/ Proof copy
- Page numbering
- Transparency mode
- Job time information
- XY zoom
- Document management features

Print

The NEC IT6030 Print System option offers networked printing PCL6 and PostScript-3 emulation for Windows, Mac, Novell, and Unix/Linux operating systems. Now the entire office can network and print with duplex output up to 11" X 17". Extended features include finishing, booklet mode, secure printing, and more.

Scan

The NEC IT6030 Network Scanning option provides multiple scan functions to help the user import documents, convert paper documents to files, and communicate via electronic file. Scanning options include:

- **Scan-to-Email:** Send scanned documents to anyone's email
- **Scan-to-FTP:** Scan documents to an FTP server
- **Scan-to-PC/File:** Scan directly to a host PC on the network.

Security

Available security features enable users to store and access documents, prints, copies, etc. from the hard disk drive of the NEC IT6030 in order to protect information. An available security kit provides overwrite and erase functions for the HDD.

Network Integration

The NEC IT6030 includes an available suite of utilities that provide solutions for device management, document control, networking integration and administrative productivity.
